Innovation Alliance Statement on Rescheduled Historic Senate Judiciary Committee Markup of Three Pro-Patent Bills

Bipartisan, Bicameral Bills Would Strengthen Patent Rights to Promote U.S. Innovation and Global Technological Leadership

WASHINGTON, D.C. – Innovation Alliance Executive Director Brian Pomper today issued the following statement on the U.S. Senate Judiciary Committee’s November 14 rescheduled markup of three bipartisan, bicameral pro-patent bills, the Promoting and Respecting Economically Vital American Innovation Leadership Act ([PREVAIL](#)) Act ([S.2220/H.R.4370](#)), the Patent Eligibility Restoration Act ([PERA](#)) ([S.2140/H.R.9474](#)) and the Inventor Diversity for Economic Advancement ([IDEA](#)) Act ([S.4713/H.R.9455](#)):

“The Innovation Alliance is thrilled to see the Senate Judiciary Committee consider these three bipartisan, bicameral pro-patent bills. Together, these bills represent a commitment to strengthening inventors’ rights and the U.S. innovation economy to ensure that we retain global technological leadership and can compete successfully with China and other countries around the world.

“**The PREVAIL Act** will restore much-needed fairness to the USPTO’s Patent Trial and Appeal Board (PTAB) process, help protect American innovators from harassment by Big Tech and other companies who violate intellectual property rights, and promote U.S. technological advancement. **The Patent Eligibility Restoration Act (PERA)** will clarify categories of inventions that are eligible to receive patents, restoring needed certainty and predictability for American innovators and investors, and ensuring the United States avoids ceding leadership in key technologies to our foreign adversaries and competitors. And **the IDEA Act** will take important steps to broaden participation in inventing and patenting, which will help promote American innovation and competitiveness.

“The Innovation Alliance urges Congress to take up and pass these important pieces of legislation as soon as possible.”
